DETAILED ACTION

1. Amendment and response filed by applicants dated Sept. 17, 2010.
Claims 1-9 and 12 reading on claim 5 are pending. New claims 13-18 have been added.
Claims 10-11 and the remaining subject matter of claims 1-4, 6 and 12 and 13-18 stayed withdrawn from consideration per 37 CFR 1.142(b).
2. The newly amended claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The amended claim is now drawn to "pharmaceutical composition". A pharmaceutical composition by definition cannot be either ineffective or toxic. Therefore, it is recommended to be consistent with the pre-ambble, the quantitative limitation "comprising a therapeutical effective amount" be incorporated.

It is very confusing what does the term "one or more formulation additive" mean. Please note that additive are not necessarily inert carriers but can be *active* with synergistic or additive effect. It is recommended that the term "pharmaceutically acceptable carrier" be incorporated (see p.28, lines 26-27 specification) as the inert component of the composition.

3. The amendments of claims 1-9 and 12 deleting the term " hydrates.....etc." have obviated the rejection under 35 USC 112 first paragraph. The rejection is therefore dropped.

It has been clearly pointed out in the previous office action that the *elected* subject matter i.e. the scope of claims 5, 7-9 are allowable. Therefore, claims 1-9, 12-18 limiting to the elected subject matter are in condition for allowance, when the 112 issues of newly amended claim 12 is corrected, except for the following formal matters: *the deletion of the nonelected subject matter of claims 1-4, 6, 12-18 and cancellation of claims 10-11.*

Prosecution on the merits is **closed** in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
